I have a strong technical background in an environment where everyone is always **hungry to learn and never afraid to ask questions.** This has propelled me to be the team player I am today that is always ready to learn, be a mentor, and have great communication with my team to ensure everyone around me thrives. I am looking for an organization that never gets comfortable and is always looking to strive for greatness.

SKILLS

Coding Languages	Frameworks / Libraries	Technologies
HTML5	Express.js	Git, GitHub
CSS	React	Node.js
JavaScript	Django	MongoDB, postgreSQL
Python	jQuery	Netlify, Heroku

PROJECTS

Giphy Portal (*HTML, CSS, JQuery, GIPHY API, JavaScript, Heroku*)
Single page app that utilizes jQuery, and ajax to pull data from the Giphy Api for a Gif app.

ExoPlanet Logger (*HTML, CSS, Node, Express, Mongoose, MongoDB, Heroku*)
Designed a Full Stack CRUD app (Node + Express) with MongoDB as the database for a planet-logging app.

Rule of Thumb (*React, HTML, CSS, JavaScript, Node, Express, MongoDB, Mongoose, Netlify*)
Designed a Full-Stack app (Node) with MongoDB as the database for a messageboard app (React).

Chef for Hire (*Python, HTML, CSS, Django, PostgreSQL, Heroku,AWS S3*)
Maintained git workflow by using branches for new features. Reviewed 5-7 pull requests per week to ensure code quality and consistency as part of a 3-person team. Full-stack CRUD app made to allow people to hire private chefs.

EXPERIENCE

General Assembly   Remote (Online)
Software Engineering Fellow   09/2021-12/2021
- Participated in 420 hours of full-time industry-validated curriculum, learned coding skills, and terminology
- Built multiple projects solo with deadlines, and design requirements
- Collaborated with multiple developers daily on various projects, assisted in debugging code.
- Solved coding problems daily and fulfilled design requirements of assignments.

Apple   Alpharetta, GA
Product Specialist   08/2017-07/2019
- Collaborated with diverse colleagues of all levels to come up with custom solutions.
- Trouble-shot a multitude of hardware/software bugs and defects.
- Constantly expanded knowledge on Apple's ever-changing technology.
- Communicated consistently throughout the day with colleagues, utilized teamwork daily, received and gave feedback daily, interactions occurred with an open mind.

EDUCATION

General Assembly, Remote Coding Bootcamp (Online)
Certificate of Completion (completed 12/2021)
